GET CARE:

virtual urgent care

- available 24/7/365, anywhere
- provides treatment for common ailments such as flu, respiratory, UTIs, allergies, pink eye, and more
- intake to diagnosis completed on average in less than 6 mins
- ai-driven smart medical questionnaire visits *always* reviewed by a provider, but rarely requiring you to actually speak to one - phone or video available
- eliminates unnecessary ER & urgent care visits

virtual primary care

- provides care for annual check-ups + general health & chronic conditions such as diabetes, high blood pressure, high cholesterol, and more
- schedule appointments, screenings, labs, and follow up care via care coordination team with ease
- create relationship with a board certified physician
