

Pharmacy Benefits Management

Cigna Pharmacy Management

We're here to help you access affordable prescription medications from a pharmacy you trust. The [Cigna Prescription Drug List](#) places covered medications into tiers, or cost-share levels. In general, the higher the tier, the more you will pay. Talk with your provider about lower-cost generic options or preferred brand-name medications, if available.

Pharmacy Options & Savings

- Find a trusted pharmacy
- Check drug costs and tiers
- Ask about lower-cost options
- Avoid surprises at checkout

Prescriptions & Home Delivery

- Track your medications
- Stay organized
- Manage home delivery
- Refill with ease
